

LAZLOTM

Designer Door & Shutter Skins

Design Beyond the Surface

Doors & Shutters

Coated with Real Metals

lazloindia.com

Because Every
First Impression
Deserves Timeless
Elegance.

Lazlo transforms doors and shutters into living canvases - surfaces that captivate at first glance and continue to enchant with every detail. Our designer door & shutter skins are crafted using advanced finishes such as liquid metal, textured concrete, and sophisticated hybrid blends, bringing rich depth, durability, and tactile elegance to any entryway.

Beyond Design: Our Commitment to You

At Lazlo, we're invested in your success from concept to installation - and beyond.

Scalable Sizing & Thickness:

Our skins are crafted from premium HDHMR sheets, available in various thicknesses ranging from 3 mm to 25 mm. Standard sizes (2133 mm × 1200 mm) are available, along with customised dimensions up to 10 ft × 4 ft.

Customised Creations:

We also craft custom designs for door skins and shutters, tailored to your unique vision and project needs.

Finish Options:

Liquid metals (brass, bronze, copper, aluminium, graphite, zinc, rust), textured concrete - seamlessly blending artistry with technical performance.

Effortless Installation:

Our door skins and shutters are designed for effortless integration by professional installers, ensuring a perfect fit and finish every time.

Indoor and Outdoor Use:

Engineered for durability, Lazlo skins enhance both interiors and exteriors - from grand entrances to wardrobes and villa facades.

Ongoing Support:

Technical guidance and after-sales service to help preserve the beauty and performance of every surface.

Let's Bring Your Vision to Life

**Redefine
your entrance
with the beauty
of metal.**
